

Hello Neighbors,

The Amberleigh monthly social calendar is now available online at [www.amberleighdublin.org](http://www.amberleighdublin.org).

I just wanted to highlight a few items that were brought to my attention.

**1) Thefts**

Autumnwood Way experienced a rash of garage thefts a few weeks ago. A couple of purses and a laptop were stolen from vehicles parked in garages where the garage door had remained open. Some of the stolen items were recovered over on Memorial Dr. just on the other side of Dublin Rd. PLEASE err on the safe side and remove all personal belongings from your vehicle before entering your home in addition to closing the garage door straight away. Those of us who reside along Dublin Rd. need to be extra attentive since easy access to Dublin Rd. may make our houses more inviting targets.

**2) Vandalism**

There has been a spate of vandalism to mailboxes in the neighborhood recently. A few residents reported having the red flag broken off. On a couple of occasions, the presence of a group of young males was reported to be in the vicinity of some of the vandalism. Dublin police suggested alerting them to such instances and that they would send a patrol car to the area and even stop to chat with the young men if the possibility presented itself.

**3) Windswept Debris**

Regarding the windstorm of last week: Not only was the wind unpleasant but so was its timing – the night before trash pickup. A big thanks to those of you who picked up any windswept trash around your property in a timely manner. It was much appreciated!

Take care,

Nicole Kelbick
