Street Directory Update

The 2009 version of the Amberleigh North Street Directory will be sent out in a couple of weeks along with the next quarterly billing. One change worth noting is the occurrence of dual entries for households whose residents maintain different last names. Now, both last names can be located in the directory. If you notice an error in your entry, please contact Nicole Kelbick at nkelbick@gmail.com with the corrections and an errata sheet with the revisions will be sent out.

Email Distribution List

While in the process of updating the street directory, I updated the email distribution list to include all of the email addresses that appear in the street directory. If you want to be removed from the email distribution list, just send a brief email to nkelbick@gmail.com indicating such. I apologize ahead of time if you have already done so and I mistakenly added you back in.

Holiday Trash Pickup

I just wanted to encourage those of you who may be traveling during the upcoming holidays to arrange for someone to remove any trash bins from the street if they get placed curbside prior to your departure. This will hopefully minimize the potential for break-ins during the holidays. Another option is to just put out the trash bags minus the trash bins while leaving the recycle bin indoors. Then you don't have to worry about any containers being left outside while away from home.
